

# Cee-Lo Green, Bright Lights, Bigger

I've been living for the weekend but not anymore  
'Cause here comes that familiar feeling that Friday's famous for  
Yeah, I'm looking for some action and it's out there somewhere  
You can feel the electricity on in the evening air

And it may be just more of the same  
But sometimes I wanna go where everyone knows your name  
So I guess I'll have to wait and see  
But I'm just gonna let something brand new happen to me

And it's alright, it's alright, it's alright, it's alright, it's alright  
It's alright  
Bright lights and the big city belongs to us tonight  
Tonight, tonight

Now Friday's cool but there's something about Saturday night  
You can't say what you won't do 'cause you know that you just might  
I'm alive this evening, it was love at first sight  
This Saturday and every Saturday for the rest of my life

And everyone standing in line  
Yeah, looking good and looking for a real good time  
So I'll never have to wonder if  
I'll have someone to share all of this with

And it's alright, it's alright, it's alright, it's alright, it's alright  
It's alright  
Bright lights and the big city, it belongs to us tonight  
Tonight, tonight, alright

Guess I need it, everybody does  
Cocktails and conversation, music and making love

And it's alright, it's alright, it's alright, it's alright, it's alright  
It's alright  
Bright lights and the big city, it belongs to us tonight  
Tonight

Bright lights, bright lights, bright lights and the big city, tonight  
It belongs to us tonight, tonight
