

# Celeste, Everyday

I know I'm to blame  
For pulling you with my way  
Seems so ordinary  
But you mistake  
I was very very different that day  
I could tell you liked the way that I changed  
Not myself but it was such a good day  
The way you held me  
And I whispered your name  
you whispered mine the same  
And held me into your gaze  
Into your silence  
Everyday wanna be close to him and never leave Everyday not the same as the way it used to be  
I won't change  
I won't change  
Something's coming over me  
But you say  
What you say  
Everyday  
You tell me it's wrong  
You tell me it's wrong  
You tell me it's wrong  
You tell me it's wrong  
I think you could let me back into your life  
Push me back out  
Well I really have tried  
And I can't think about the way it feels right  
With your hands on me  
And in the back of my mind  
Everybody wants to be me sometimes  
Everybody wants to hold you so tight  
And I might die  
If I don't have you this time  
Have you this life  
Everyday wanna be close to him and never leave Everyday not the same as the way it used to be  
I won't change  
I won't change  
Something's coming over me  
Pull the face  
Pull the face  
Pull the face  
And tell me it's wrong  
You TELL ME ITS WRONG  
YOU TELL ME ITS WRONG  
You TELL ME ITS WRONG  
Sometimes I touch myself  
Just can't seem to get the help  
You left behind me  
In the back of my mind  
I suffer the pain  
And it was over again  
All for a game  
Turn the other way  
Said you won't change Said you won't go away  
What did you say  
What did you say  
What did you say to me?  
Just the other day  
Said it won't change  
Said it won't go away  
Feelings don't change What did you say  
What did you say  
What did you say to me?  
Everyday wanna be close to him and never leave

Everyday not the same as the way it used to be  
I won't change  
I won't change  
Something's coming over  
Everyday  
Everyday
