Halfway To Heaven

Come and go with me

Wherever i am i want you to be

Walking with your hand in mine

Feel so fine

When i'm close to you

I know what it means to want to be true

Never felt this way before

Is there more

Are you feeling the same as me honestly

Don't you think it's unreal

I'm not dealing in fairy tales

If this fails

I don't know what on earth i will do 'cause i'm

Halfway to heaven

Let's go all the way

I don't want to give it up

'cause i'm already falling in love

When we reach that place

I'm dying to see the smile on your face

I'm so sure you'll want to stay

That's okay

I have so many dreams to share

Please be there

Let me share them with you

If you're looking for happiness nothing less

Come with me, baby i'm looking too and i'm

Halfway to heaven

Let's go all the way

I don't want to give it up

'cause i'm already falling now

Halfway to heaven

Let's go all the way

I don't want to give it up

'cause i'm already falling in love

I don't want to give my life in moderation (baby no)

I'm prepared to give myself up to temptation it's time

I could use a little love and inspiration (baby now)

Come and share the joy and join the celebration

It's time

Hoping and praying that soon you'll be saying be mine

I don't want to give it up

I don't want to give it up

'cause i'm already falling in love

You're makin' all my senses come alive
