

# Celine Dion, In His Touch

Forgive me, don't know where to start  
I guess we've come to the serious part  
I need to find out, if there's a chance for us  
Don't give me that same old look, you won't win me over  
Don't give me that same old speech, you don't have to speak at all  
You can say you love me, that I'm your perfect crush  
How it hurts to need someone that much  
You can swear you mean it, but that ain't good enough  
'Cause when a man loves a woman, it is all In His Touch  
I wish you could see. Yeah  
Just how simple, it's supposed to be  
'Cause now that we've come this far, we don't want to lose it. No  
If you wanna win my heart, baby just shut your mouth  
You can say you love me, that I'm your perfect crush  
How it hurts to need someone that much  
You can swear you mean it, but that ain't good enough  
'Cause when a man loves a woman, it is all In His Touch  
Then words don't mean, that much  
You can say you love me, that I'm your perfect crush  
How it hurts to need someone that much  
You can swear you mean it, but that ain't good enough  
'Cause when a man loves a woman, it is all In His Touch
