

# Celine Dion, Love Again (from the Motion Picture

Rising tides, tears you cry every night seem never ending  
But that's just life, the last goodbye, high and dry it leaves you empty  
You might think your world is ending but it won't  
You might think you need to give up, but you don't

Cause you don't have to move a mountain just keep moving  
Every move is a new emotion  
And you don't have to find the answers just keep trying  
The sun will rise again, the storms subside again  
This is not the end  
And you will love again

Summer rain, day by day, sadness fades, the wound is healing  
And time goes by, eyes will dry, and you will find someone to heal with  
You might think your world is ending but it won't  
You might think you need to give up, but you don't

Cause you don't have to move a mountain just keep moving  
Every move is a new emotion  
And you don't have to find the answers just keep trying  
The sun will rise again, the storms subside again  
This is not the end  
And you will love again

You will love again, again, love again  
You will love again, again, love again

Cause you don't have to move a mountain just keep moving  
Every move is a new emotion  
And you don't have to find the answers just keep trying  
The sun will rise again, the storms subside again  
No this is not the end  
And you will love, you will love, you will love  
Again
