

Celine Dion, Miracle

You're my life's one miracle, everything I've done that's good
And you break my heart with tenderness and I confess it's true
I never knew a love like this till you
You're the reason I was born, now I finally know for sure
And I'm overwhelmed with happiness, so blessed to hold you close
The one that I love most with all the future has so much for you in store
Who could ever love you more?
The nearest thing to heaven you're my angel from above
Only God creates such perfect love
When you smile at me, I cry and to save your life I'll die
With a romance that is pure heart you are my dearest part
Whatever it requires, I live for your desires
Forget my own, your needs will come before
Who could ever love you more?
Well there is nothing you could ever do to make me stop, loving you
And every breath I take is always for your sake
You sleep inside my dreams and know for sure
Who could ever love you more?
