

Celine Dion, Next Plane Out

I listen to the sound of the rain fallin' down my window
Prayin' for a gentle wind
To bring my baby back again
Tryin' to be strong but I'm not getting any stronger
Loneliness is tearing apart this heart of mine
I lie awake 'coz I can't take another night lonely
It's been too long, I can't hold on no more
Leavin' on the next plane out
'Coz I gotta see my baby
It's been too long since I held him in my arms
And I just won't sleep at night
Till he's sleeping here beside me
Here beside me again
Talking on the phone but that don't make it any better
Nothing's gonna ease this pain
Until I'm in his arms again
Runnin' down the stairs there's a taxi that's waiting for me
Loneliness I'm gonna leave you far behind
I'd walk for days through pourin' rain
Anything to be with him
It's been too long, I can't be strong no more
Leavin' on the next plane out
'Coz I gotta see my baby
It's been too long since I held him in my arms
And I just won't sleep at night
Na na na nana
Till he's sleeping here beside me
Here beside me again
I gotta be with my baby
(Hoo)
I gotta be with him
I gotta be by my side
Yea
Gonna be with him
My heart's made up my mind
I'm leavin' on the next plane out
'Coz I gotta see my baby
It's been too long, since I held him in my arms
And I just won't sleep at night
Oh don't know
Till he's sleepin' here beside me yeah
Here beside me again again again again again
It's been too long since I held him in my arms
And I just won't sleep at night
Oh don't know
Till he's sleeping here beside me
Here beside me again
I gonna be with my baby yea
I gonna be with my baby yea
I gonna take the next plane or the next train
(Next plane, next train)
Gotta get there, gotta see my baby
(Gotta get there)
And nothing's gonna stop me from leavin' this time
(Next plane, baby)
Leavin' on the next plane out
(Hoo)
(Next plane out)
Yea
Leavin' on the next plane out
(Gotta see my baby)
(Gonna stop me baby)
(Next plane, next train)
(Stop me, baby)

Take the next plane
