

# Celine Dion, You And I (From My Love)

High above the mountains, far across the sea  
I can hear your voice calling out to me  
Brighter than the sun and darker than the night  
I can see your love shining like a light  
And on and on this earth spins like a carousel  
If I could travel across the world  
The secrets I would tell

Chorus:

You and I  
Were meant to fly  
Higher than the clouds  
We'll sail across the sky  
So come with me  
And you will feel  
That we're soaring  
That we're floating up so high  
Cause you and I were meant to fly

Sailing like a bird high on the wings of love  
Take me higher than all the stars above  
I'm burning, yearning  
Gently turning round and round  
I'm always rising up I never  
Want to come back down

Chorus x2

You and I were meant to fly
