

# Cellophane, Cut Away

When i saw you there  
Awaiting flight  
As your fingers crumble  
The mourners cry  
Now I follow  
Cutting away the fear  
Cutting away the fear  
Can you hear the darkness  
You're losing sight  
Every second decades  
No more light  
Now I follow  
Cutting away the fear  
Cutting away the fear  
The air has stopped  
All is clear  
I follow you  
I follow you  
Wish I knew  
What it all was for  
Wish I knew now you're gone  
I follow  
Cutting away the fear  
Cutting away the fear  
Cutting away the fear  
Cutting away the fear  
Cutting away the fear  
Cutting away the fear  
Cutting away the fear  
Cutting away the fear  
I cut away  
I cut away
