

Cellophane, Ride Thy Neighbor

Give the neighbor a ride
On a joyride joyride
Give the neighbor a ride
On a joyride joyride
I don't need no one
I just need my brain
I don't need no one
I just need my brain
Give the neighbor a ride
On a joyride joyride
Give the neighbor a ride
On a joyride joyride
In my lumbertown
Here's to Ben
In my human city
She must ride thy neighbor
Give the neighbor a ride
On a joyride joyride
Give the neighbor a ride
On a joyride joyride
And my neighbor looks so gorgeous
How far we are
How far we are
Give the neighbor a ride
On a joyride joyride
Give the neighbor a ride
On a joyride joyride
Give the neighbor a ride
Give the neighbor a ride
Give the neighbor a ride
Give the neighbor a ride
