Ready to go to war, got artilery stacked up to the ceilin'
Tryin' to come up with some wonderbread
Ain't got no time for sexual healing
The light niggas is plottin' on everything I do
The like I can't move without my Murder One crew
Do what you do but don't cross the line cuz we trigger happy
Peelin' yo' cap through the top, the shit to make a nigga happy
Shot callin' like in Vegas and Reno
Dig a ditch and lay you in like they do on Casino, ugh

In between yo' ass, try to end it when I squeeze
Ain't no mercy on this locc, ain't no sista yellin' "Please!"
When I flash, I blast and put slugs in yo' ass
Hit the gas and smash and bought heat for yo' ass
Niggas don't know, when it's faulty, we settle the sco'
Bodies surrounded by birthday tags on they toes

## [E-40]

Tags on they, tags on they toes
When I done clean a home full of bitch
Made into a half suit on the toilet puttin' you piss ass nigga, froze
Countin' Crows, foes, blew his head, casket
Black rose funerals, jump off the Range, it's closed casket
That's how the fuck they know, nigga, the sun-a be a bastard
No more problems, oh, the circumstances be too drastic
Decompose the body, bust 'em up and beat 'em with a bat
