

# Centinex, Bloodhunt

[Music: Kjellgren]

[Lyrics: Jansson, Schulman & Kjellgren]

Onward through the fields  
I'm hunting for revenge  
Effacing all in my way  
I'm a killing warmachine  
Built on iron and steel  
I kill all in my sight  
Bloodhunt

I'm out for bloodhunt and I want to see you dead  
My sweeping bullets aiming for your head  
I'm out for bloodhunt, I slash you through the mud  
My eyes are red and all I see is blood

I'm still on my path  
Searching for your flesh  
Longing for your soul  
I'm a reaper with disgrace  
A slaughter fed by hate  
Crushing all the weak  
Bloodhunt

I'm out for bloodhunt and I want to see you dead  
My sweeping bullets aiming for your head  
I'm out for bloodhunt, I slash you through the mud  
My eyes are red and all I see is blood

Bombraids - Destruction  
Warfare - Massacre  
Repulsion - Crusader  
Vengeance - Chaos

I'm back on the fields  
I dwell among the dead  
And the victory is mine  
My combat has succeeded  
The silence has arrived  
My mission is complete  
Bloodhunt

I'm out for bloodhunt and I want to see you dead  
My sweeping bullets aiming for your head  
I'm out for bloodhunt, I slash you through the mud  
My eyes are red and all I see is blood
