

# Centinex, Cranial Dismemberment

(Music: Schulman)

(Lyrics: Schulman)

Infected suppurated flesh  
Shattered to the bone  
A terminal mutilation  
Your body is desecrated

Your innards I squeeze  
Boil the head to mush  
A severe emanation  
Of rotten entrails and blood  
Inflammatory dissection  
The body is torned open  
Human flesh diluted  
A cranial dismemberment

Maggots chew the disseminated  
Shreds, even your soul is devoured  
Skin and bones, flesh and veins  
Morbid putrefaction  
Obscene mutilation

Rip the virulent entrails  
Roaste and fry the corpse  
As your life was a living hell  
The death will be a pleasure

A outlet of my hate  
In a scientific crematory  
Your organs grotesquely shrink  
A deformed body remains  
Left in the grave
