

# Centinex, Sworn

[Lyrics: Jansson, Lead: Kjellgren / Ahlberg]

Nocturnal winds awakes the seeds of vengeance  
While nuclear storms are swallowing the world of shit  
The crystal kings deplores behind the bloodred sun  
The declaration of war in the astral kingdom has begun  
The blackguards controls the void  
All the blind fools will pay with flesh  
The ancient gods of retaliation  
Transcending the weepers to bleed  
Sworn - To the boiling seeds of vengeance  
Sworn - To the battles of rebellions  
Sworn - To worship the crystal kings  
Sworn - Explore the world declension  
The mourning star glows like an evil bloodred eye  
Breeding grace when the sinners bleed in the skies  
The embers spawn is falling from the velvet moons  
The vapours breeze is sweeping on the filthy soil  
Genocide in the astral kingdom  
Holocaust in a timeless void  
Sacrifice to the crystal kings  
Blasphemy in the world of shit
