

# Centinex, The Conquest Infernal

[Music: Wiklund]  
[Lyrics: Schulman]

We are tormented souls of the unlight  
Conquering the earth with spiteful storms

Rise from the realms of darkness  
Centuries of unholy chaos  
Lead me to the streams of slaughter  
Dawn of the glorious war

Infernal conquest  
Infinity rises  
Misanthropic fire  
Forsaken holocaust eternal

Victory in a naked painland  
Anthems to the fallen ones  
Until the eternity opens  
We feast with our burning power

Infernal conquest  
Infinity rises  
Misanthropic fire  
Forsaken holocaust eternal

Come my firestorm - We will desecrate  
Exterminate - Blood-soaked beasts reign  
Broken skulls - Black clouds drowning  
We will blow - It to the kingdom unknown

Rise from the realms of darkness  
Centuries of unholy chaos  
Lead me to the streams of slaughter  
Dawn of the glorious war

Infernal conquest  
Infinity rises  
Misanthropic fire  
Forsaken holocaust eternal
