Miscellaneous

The Point Of No Return

I can make you feel sensation

Take you to your destination

Take you to the point of no return

And if you make the right decision

Free your mind and see the vision

Take you to the point of no return

The point of no return

Talk to me baby

Tell me that you want it

Tell me that you need it

Don't you wanna try it

Talk to me baby

Will you understand that

This is how you get

To the point of no return

The point of no return

Bam, here we go again

In it to win it so let me begin it

Hard with a funky rave fill

And I know that you know that I know the deal

Wheels are rollin'. I'm in

Control in this, never miss

Talking to crowds

Turn it up loud

Pumped up drag

With my head up, proud

Turbo alliance, total defiance

Get with it, I'm with it, accept no denance

Hot touch, let it burn

To the point of no return

You thought it was over, but it's not

What you need is what I've got

You thought the power was gone

But it's here to stay, so let get it on

Solo solo watch out I'm comin'

Whole posee's gunnin'

But I'm not runnin'

Jerks, works and old producers

Without ya the kids gettin' losers

Free at last, free at last

Forget my past, prepare for the blast

Lock yourself in firm

To the point of no return

The point of no return

The point of no return, yeah, yeah
