HARGO production

Cee don't be on the road too tough  
But I still cut through with the local thugs (Thugs)  
Coulda ran off the plug  
But I kept it real and I showed him love (Showed him love)  
Lil' bro got the poker tucked  
Where we grow up, it's so corrupt  
Fans see me on the block, go nuts  
I'm not in my bag, I'm loading, loading

Back then, it was hand-to-hand  
Nowadays, I don't have no involvement  
In the trap, I'll stay on my own  
I'm home alone, Macaulay Culkin  
WhyJay no commented it  
It's complicated 'cause the case still open  
The boys in blue tryna find them clues  
In the station, problem-solving

Bro just jumped out the ride with a mask on  
Face like he dodging COVID  
Jumped out the Porsche and went my own way  
No way, I don't owe no orders (No way)  
Free all the guys and rest in peace to all of the fallen soldiers  
The world full up of impactive distractions so we all lose focus (Haha)  
I think out loud, what comes out my mouth, I can't control it  
Live yours on the chain, I'm so lit  
Soon come out with the custom clothing  
Fuck sake, you must be joking  
CIDs outside of the cut, patrolling  
How did they know 'bout the ins and outs?  
Somebody must have told 'em

Cee don't do no field, I trap, say "Yo" to the local cat (Yo)  
See me on the road, all black  
My foot on the gas and I won't fall back  
Bro been in a jail and he won't go back  
I fucked bare hoes and they ain't all that  
I'm missing their call and I won't phone back  
It's time that I find me a wife  
More time, I don't have no type  
But I wouldn't mind me a Liyah Mai (Okay)  
Treat her right, I'd try (Alright)  
Finer things in life, I'd buy (Okay)  
Wanna wine and dine, that's fine

If we go up town, gotta hold that (Whoosh)  
Wanna fly Dubai tonight? Lastminute.com, I'll book that flight
