(Sykes)

(You're as cold as ice)

(Nostalgia)

Ruby's as cold as ice  
What she's been through in her life ain't right  
Mum and dad the addicted type  
She was in care by the age of five  
She moved out to the Isle of Wight  
She moved four times by time she was nine  
She don't trust no guys  
They can't get through but they keep on trying  
Ruby don't act her age  
She fifteen but grown and wise  
Fake love can't heal the pain  
She don't go school, she smoke, get high  
Her parents smoking white  
How can I judge how you cope with life?  
Chilling with older guys  
They ask her age, she told them lies  
You know what it's like  
You know how it goes  
She's young and she lost her virginity  
Now everyone call her hoe  
Started with problems at home  
Now all the sudden the problem has grown  
But Ruby grew up on her own  
She don't have a problem with being alone

(You're as cold as ice)

These roads are as cold as ice

(You're willing to sacrifice)

If you don't want freeze, better stay inside

(You're as cold as ice)

Take that chance, roll the dice

Broken hearts, broken homes (You're willing to sacrifice)

You're not from here, you won't know what's it like

Jack's as cold as ice

He's lost his mum and most his guys

Way too young but holding knives

He'll do that crime with no disguise

Retaliation how he cope with pride

No hesitating, go on a ride

You roll the dice, if it goes to plan, then calm

If it don't, you die

Don't gamble your life, you don't get that twice

I don't think I'll ever let that slide

But I won't get dough when I get that stripe

We get the worst advice

Think that you're bad till you're locked in the can

And now you wanna turn to Christ

It cost to be a boss

But death ain't worth that price

Jack got caught with a shank and jakes linked him to a local murder

Jack's eighteen and his cody's Max

He's young so he's moving nervous

Jack been in the station multiple times, he's moving quiet on purpose

Max kept it quiet as well

Now they're both in jail and they just got birded

(You're as cold as ice)

These roads are as cold as ice

(You're willing to sacrifice)

If you don't want freeze, better stay inside  
(You're as cold as ice)  
Take that chance, roll the dice  
Broken hearts, broken homes (You're willing to sacrifice)  
You're not from here, you won't know what's it like

The road's as cold as ice  
You're not from here, you won't know what it's like  
TV shows don't show what it's like  
I've seen it with my own two eyes  
Two sides, you'll see the divide  
Freedom of speech, I'm speaking my mind  
Say too much, get disqualified  
Get fed to the lions, eat you alive  
Grew in a detrimental place  
Deteriorating your mental state  
It's all good cah we still kept faith  
Making it work but we still want change  
These days it's all fabricated  
Got to the point being real looks fake  
The feens don't have no shame  
Crackheads smoke crack where the children play  
You know this, it's all a bit strange  
Show biz 'cause it all looks staged  
Selfishness is a foolish game  
It would all change if we're all at stake  
This ain't just for the gang  
I feel like we all can relate  
On my side, we're all the same  
My hood don't discriminate

(You're as cold as ice)  
These roads are as cold as ice  
(You're willing to sacrifice)  
If you don't want freeze, better stay inside  
(You're as cold as ice)  
Take that chance, roll the dice  
Broken hearts, broken homes (You're willing to sacrifice)  
You're not from here, you won't know what's it like

(You're as cold as ice  
You're willing to sacrifice  
You're as cold as ice  
You're willing to sacrifice)  
You're not from here, you won't know
