

# Ceremonial Oath, The Shadowed End

[lyrics:Lindberg]

Now the bridges burn there's no return  
from this here state  
And the words of truth are spoken  
they all shall turn their heads in fear  
Here at the shadowed end  
We all shall meet our lost and dear  
A sinister music tears at my brain  
A symphony where which my mind is raped  
Nocturnal treasures lie beyond  
Far beyond reality  
The Shadowed end  
Passing before my tortured eyes  
Marching cross the shadowed skies  
As storms they ripped  
them blackened clouds  
The Shadowed end
