Cetera Peter, After All

Duet with Peter Cetera Well, here we are again I guess it must be fate We've tried it on our own But deep inside we've known We'd be back to set things straight I still remember when Your kiss was so brand new Every memory repeats Every step I take retreats Every journey always brings me back to you chorus: After all the stops and starts We keep coming back to these two hearts Two angels who've been rescued from the fall After all that we've been through It all comes down to me and you I guess it's meant to be Forever you and me After all When love is truly right It lives from year to year It changes as it goes And on the way it grows But it never disappears Chorus Bridge Always just beyond my touch You know I needed you so much After all, what else is living for?
