

# Cetera Peter, World Falling Down

Cetera Peter  
World Falling Down  
World Falling Down  
Well I never thought life would be easy  
You can take it from me it's not easy  
When you're living on your own  
And now I face it one day at a time  
Then I try to rise each time I fall  
Try to find a way of getting through it all

(chorus)  
I used to believe in you  
Now I need someone else to turn to  
And though it's only a matter of time  
Then I find that when you lose the magic  
Suddenly your world comes falling down  
All around you  
And though it seems so tragic  
Even when there's no one else around  
You hear the sound  
Of another world that's falling down

Leaving your memories behind me  
Hoping that nothing reminds me  
Praying that I can forget  
And even now I take it one step at a time  
And now I face the future eye to eye  
I know it won't be easy, but I'll get by
