

Chad Brock, If I Were You

You got it made
You've got real love
Something you don't find every day
Someone to trust
Someone to lean on
Something I would hold on to
If I were you

You got it made
You've got no one
You don't have no strings to tie you down
You come and go
As free as the wind blows
I wouldn't settle down too soon
If I were you

If I were you
I'd be satisfied
Oh I'm sure the grass is greener
On the other side
If I were you I'd stay by her side
I'd be runnin' wild
I would never leave her
That's what I would do
If I were you

Oh, If I were you
I'd be satisfied
I'd be runnin' wild
Oh I'm sure the grass is greener
On the other side
If I were you
Would I rather be
Would I rather be
Someone just like me
I wouldn't change a single thing
If I were you
