

Chad Mitchell Trio, Alice Revisited

You've heard of the story Alice
Told without any malice
Alice is fond of Algernon
And there's no wondering
For Algy is quite a handsome lad
A handsome lad, a handsome lad
Except for one little thing

His skin, chagrin
It's veined and spotted and speckled and dotted

But Alice is fond of Algernon
And there's no wondering
For Algy is quite a handsome lad
A handsome lad, a handsome lad
Except for one little thing

His voice, rejoice
It's cackled and chronic and stereophonic

His beard, it's weird
It's terribly horrid and grows from his forehead

His eyes, surprise
He dips an eyeball to wash it [?]
