

Chad Mitchell Trio, What Did You Learn In School

Two and two are four
And four and four are eight
ABCDEFGHIJKLMNPO
Two and two are four

What did you learn in school today
Dear little boys of mine
What did you learn in school today
Dear little boys of mine

I learned that Washington never told a lie
I learned that soldiers seldom die
I learned that everybody's free
That's what the teacher said to me
And that's what I learned in school today
That's what I learned in school

What did you learn in school today
Dear little boys of mine
What did you learn in school today
Dear little boys of mine

I learned that policemen are my friends
I learned that justice never ends
I learned that murderers die for their crimes
Even if we make a mistake sometimes
And that's what I learned in school today
That's what I learned in school

What did you learn in school today
Dear little boys of mine
What did you learn in school today
Dear little boys of mine

I learned that wars are not so bad
I learned of the great ones we have had
We fought in Germany and in France
And someday I might get my chance
And that's what I learned in school today
That's what I learned in school

What did you learn in school today
Dear little boys of mine
What did you learn in school today
Dear little boys of mine

I learned that Government must be strong
It's always right and never wrong
Our leaders are the finest men
And so we elect them again and again
And that's what I learned in school today
That's what I learned in school

That's what I learned in school today
That's what I learned in school
Two and two are four
Two and two are four
