

Chad Siwik, Take Me Back

Take me back

This is a story about the beginning

I don't care what they have said
for all I know we could be dead
take this chance and lead the way
take me back to my escape
I don't care of consequences
taking chances makes a difference
take me back to all that's safe
Take me back to my escape

Take me back

I don't care of consequences
taking chances makes a difference
take me back to all that's safe
Take me back to my escape

Take me back to my escape

Take me back

Take me there
