

Chad Valley, I Owe You This (Ft. Twin Shadow)

You never asked me to be quiet,
I'm never quiet, I'm never
you should have known just what to do.
I don't wanna be the one getting scared from my life
I don't wanna feel the song getting near.

No, I owe you this,
I'm the same as you,
I'm the same as you
I owe you this,
And you both know what to do or where to go.

No, I owe you this,
I'm the same as you,
I'm the same as you
I owe you this, and you both know what to do or where to go

Now I can feel I do.

Now does the feeling I can't wait to be alone
I'm thinking that I could be your number 2

I don't wanna hurt your feelings,
I scared that I am knowing
I don't wanna do this love thinking

No, I owe you this,
I'm the same as you,
And I'm the same as you
I owe you this,
And you both know what to do or where to go
No, I owe you this,
I'm the same as you,
'm the same as you
I owe you this, and you both know what to do or where to go
