Chad VanGaalen, Molten Light

They dumped her body into the molten light It floated to the surface and it did not ignite She rose up slowly, and walked to the shore She stood up on the bank and she whispered

III find you and III kill you

Ill find you and Ill kill you

III find you and III kill you

They ran back into town and hid in the church

They explained the situation and they feared for the worst

The priest told the brothers that she could not be killed

She grew out of the stone-cold ground, and

Shell find you and shell kill you

Shell find you and shell kill you

Shell find you and shell kill you

Oooooh ooooh Oooooh

There was a knock at the door that shook through their hearts

She blew it right open and she blew it apart

She shot a streak of flame from the center of her chest

As she watched their bodies burn, she whispered

I found you and I killed you

I found you and I killed you

I found you and I killed you
