

Chagani Umair, All I've Done For You

Who was there when you were down?

To pick you up of the ground?

Who was there when the world attacked?

And helped you to fight it back?

(chorus)

But now that you've got the one thing you need

You forgot how much I helped you

Now that you've found a love that's true

You forgot everything

After all I've done for you

Do you remember when you said "I care";

And when you said "I'll be there";

How about when you said "we'll help each other";

"We'll heal our broken hearts together";

(repeat chorus X2)

(talking)

I told him everyday

How you felt. (I told him)

And I told him that you cared.

He said he also cared

But, he wasn't yet ready.

So, you see

I was a good friend.

But, now when I need your help

You turn your back on me. (why?)

Some friend huh?

(ad lib fade)
