

# Chairlift, Amanaemonesia

You lost your focus but I got a plan for it  
with a secret ingredient  
and you are infinitely invited  
Just leave alone the Gemini's  
two of them and four of eyes  
and you are infinitely invited  
no one could not agree  
it's unanimously decided  
they've come for you and me  
that we are dangerously surrounded  
Their boats are full of flames  
Aaaaaahhhhh  
they paint the grasses green  
Aaaaaahhhhhh  
repeating history  
Aaaaaahhhhh  
they don't say what they mean

Is it amnesia  
amanaemonesia  
mistaken for magic  
mistaken for magic  
silver hours  
silver hours  
becoming a habit  
chasing the rabbit  
is it amnesia  
amanaemonesia

Spacing out in a nook and cranny  
its officially uncanny  
it's a fish in a sea of granite  
just leave alone the Gemini's  
two of them and four of I's  
no one could not agree  
it's unanimously decided  
They've come for you and me  
that we are dangerously surrounded

There's a system of symbols that no one will vouch for  
everyone uses and no one believes  
there's a dog in the yard with a manner that's ruff  
yet there's something about you that he understands

the girl at the window covered in ashes  
smiles grotesquely in the light of day  
singing in German the cold summer warning  
but I can't remember what I meant to say

Is it amanaemonesia  
mistaken for magic  
Amanaemonesia  
chasing the rabbit
