

# Chaka Demus & Pliers, She Don't Let Nobody

All day a gwan and I run round the world  
Like I can't get my girl  
24-7, 48-4 Pliers & Chaka Demus back  
Watcha ya now star  
Step across!

She don't let nobody  
She don't let nobody, no, no  
She don't let nobody  
She don't let nobody

She don't let nobody  
She don't let nobody  
Nobody but me  
Nobody but me, oh

Other guys try to hold her hand  
Other guys want a one night stand  
They all stay when she's around  
I'm so proud how she puts them down

She don't let nobody, no, no  
She don't let nobody  
Nobody but me  
Nobody but me, oh

I don't worry 'cause we're so tight  
See each other most every night  
She let me have the master key  
That's why I kissed her explicitly

She don't let nobody  
She don't let nobody  
Nobody but me  
Nobody but me, oh

Alright my turn, only me alone, deh pon me girl mind  
Only me alone, make her love light shine  
Only me alone, deh pon me girl mind  
Only me alone, make her love light shine

An' only me alone get me love up love up

Other guys want a one night stand  
They all stay when she's around  
I'm so proud how she puts them down

She don't let nobody, no, no  
She don't let nobody  
Nobody but me
