

# Chaka Khan, Come 2 My House

(Chaka Khan, The Artist, Robert Palmer and Howard McCrary)

I've got this feelin' inside  
And it won't go away  
It'll take time for it to subside  
And oh by the way

Come to my house  
Where we can play  
Like I'm your flower  
We'll hide and seek  
Then we will find  
Love's highest power

Could you stop by for some really good beer  
Or a glass of wine  
There's no threat, there's no danger here  
If you forego go the time

A look in your eyes  
And you remind  
Me of my daddy  
I can't say why  
I decided tonight  
Yes, you can have me

Love will surrender  
Oh, when the heart cries out don't leave me standin' here  
Not here  
Not now
