Chaka Khan, Do You Love What You Feel

Chorus:

Do you love what you feel Cause I love what you do to me Do you love what you feel Cause I love what you do to me

Babe, when you're holdin me Somehow you seem to set me free And when I dance with you, romance with you Is all I sing

Chorus

I've spent so many nights Just taking fights within myself Until you came to me

And held me like nobody else

Chorus

Tell me 'bout the way you like it Anything you want is right You and I are close together Your lovin' gets me feeling better

I wanna dance all I wanna dance all I wanna dance all night

Everytime you're holdin me

Chorus
