Chaka Khan, Secret Friend

Chorus:

Do ya, do ya have a secret friend Playin' around, hangin' out again

Your love has been like a stranger Your love is hiding behind a closed door You're an ace at using deception 'cause you don't want to let me go

Chorus

Be ashamed to lose good lovin' Chasin' dreams in the night the way we do

There's no way, you got to be honest I'll do anything to make it right for you

Chorus

Can't you see it's just an attraction He can feed you lies so easily I can't wait forever Girl, let me go or come to me Tell me ...

Chorus
