

# Chaka Khan, Tell Me Something Good

You ain't got no kind of feeling inside  
I got something that'll sho nuff set yo' stuff on fire  
You refuse to put anything before your pride  
What I got will knock your pride aside

CHORUS:

Tell me something good  
Tell me that you love me, yeah  
Tell me something good  
Tell me that you like it

Got no time is what you're known to say  
(Got no time, no, got no time)  
I'll make you wish there was 48 hours to each day  
Your problem is you ain't been loved like you should  
What I got to give will sho nuff do you good
