Chaka Khan with Rufus, Do You Love What You

Do you love what you feel? 'Cause I love what you do to me Do you love what you feel? 'Cause I love what you do to me Babe, when you're holdin' me Somehow you seem to set me free And when I dance with you, romance with you Is all I sing Do you love what you feel? 'Cause I love what you do to me Do you love what you feel? 'Cause I love what you do to me I've spent so many nights Just taking fights within myself Until you came to me And held me like nobody else Do you love what you feel? 'Cause I love what you do to me Do you love what you feel? 'Cause I love what you do to me Tell me 'bout the way you like it Anything you want is right You and I are close together Your lovin' gets me feeling better I wanna dance all I wanna dance all I wanna dance all night Every time you're holdin' me Do you love what you feel? 'Cause I love what you do to me Do you love what you feel? 'Cause I love what you do to me
