Chaka Khan, Your Smile

Your smile ?so very happy You look familiar Reminds me of somethin' good I once felt

Thinking something mellow I dreamed of someone like you Thinking something mellow I dreamed of someone like you

Good times, good conversation I look at myself Maintained by the completion Hm?of being stoned

I wanna thank you for being what I needed I dreamed of someone like you Thank you for being what I needed I dreamed of someone like you

I dreamed of someone like you (repeat to end)
