

Chamber - L'Orchestre De Chambre Noir, In My C

In my garden
lives the tiny folk
we share the flowers
meadows and woods
and if I wish to dance
the green fairy
shows me the way

In our garden
they sing me their songs
tell me their tales
of their promised land
and if I wish to dance
the green fairy
shows me the way

She's the one I adore
she's the one
(to open doors and free my mind
she frees my mind
she frees my heart
sets lets me fly

In my garden
they bring me wisdom,
joy and grace
fulfill me with love
and if she wishes
the green fairy
lays down by my side

In my garden
I sing them my songs
tell them my tales
of love and life itself
and if she likes the tune
the green fairy
sings along

You will never see
my green fairy
even if I'd like to share
she's only there
for me
