

# Chamber - L'Orchestre De Chambre Noir, Invisible

Can't you feel - my head leant on your shoulder  
Can't you feel - my breath upon your neck  
Can't you hear - the raindrops falling louder  
Can't you see - I've been gone but now I'm back

Can't you feel - my fingers closing 'round your heart  
Can't you feel - can't hold you in my embrace  
Don't you know - promised we'll never be apart  
Can't you feel - the tears upon your face

When I said I'd never let you go  
I never knew, how could anybody know  
When I stand before you, you walk through  
It's time for you to find somebody new

I'm invisible'.

Can't you hear - my whispering in your ear  
Can't you see - it's time to take off your mourning dress  
Don't you know - there's nothing yet left to fear  
You don't have - to forget me none the less

When I said I'd never let you go  
I never knew, how could anybody know  
When I stand before you, you walk through  
It's time for you to find somebody new

I'm invisible...

I lay my head upon your chest  
hush hush my baby and find some rest  
If you only stop crying  
wipe wipe the teardrops from your eyes  
I know I can no longer stay  
It's up to you to make a brand new day  
I pray that you'll never go astray  
In the first morning light I fade away

I'm invisible
