

Chamillionaire, All I Got Is Pain

[Chorus: Chamillionaire]

All I feel is pain

Yeah that's what I'm about

You hear it every time that I talk

All I got is pain

I'm going insane I feel it in my veins

All I got is pain

If you wondering why I'm not smilin

It's because I can't hide it

All I got is pain

I'm going insane I feel it in my veins

All I got is pain

[Famous:]

With so much pain

Some time it get hard to cope

And I be hidin' my emotions so it's hard to show

The way I feel about shit only god know

And he know I won't quit with so far to go

I wanna slab a few cribs and my squad to blow

A wife a few kids livin far from broke

I wanna be the live kids never offered hope

Thinkin the world so dirty let me offer soap

Feeling like you in a snow storm and lost your Coat

In the middle of a ocean and you lost your boat

Got fronted 3 keys and you lost your door

And you fronter ain't a fronter and he at ya' door.

[Chamillionaire:]

All I feel is pain

All I got is pain

All I got is pain

[Famous:]

Like Umbrellas better open up

The game shoulda soaked it up

Be tryin bust you cokin up

Over what

Over what shit root of all evil

And I didn't see what it do to all people

We all equal in the eyes of the man

And I seech in a six

Shit had me like damn

The fuck goin on with the nonsense

I wanna rap about bout ice but what about my conscience

Nonsense fame flow what you wanna

Shoot dice fuck hoes smoke marijuana

On the cool my generation is some gonna

So I fall on my knees the last days our partner

[Chorus: Chamillionaire]

All I feel is pain

You hear it every time that I talk

All I got is pain

All I got is pain

If you wondering why I'm not smilin

It's because I can't hidin

All I got is pain
