

# Chamillionaire, Good Morning

I wanna show all of my haters love, this song's for you  
If you acted like me, and I was in your shoes  
I'd probably hate on me, too  
See when you gettin' big cash stacks  
All the haters hate that  
'Cause they hate to see you to be successful  
I wanna show all of my haters love  
So I wave to you like  
Good morning, ha-ha-ha-ha-haters  
Good morning, ha-ha-ha-ha-haters  
Good morning  
Yeah, today gon' be a good day, I'm feeling like I'm Ice Cube  
I'm waking up like can't nobody mess up my mood  
Knowin' I'm a boss, I'ma do what I choose  
If I was you, then I would probably hate on me, too  
If it's true that money is time, then watch this  
I ain't tryin' to run outta time, so I purchased some watches  
Y'all sick, the chips got the haters nauseous  
They chicks jumpin' in my whip like a mosh pit  
I wish I could be infected by any hate  
But I can't 'cause I just get infected by the bank  
It's great to never know the feelin' of bein' fake  
I awake, then I go take a visit to the sink  
Uh, dirty money got me sanitizing my hands  
Lord knows what the previous owner did with these grands  
Yeah, I ain't sayin' it just to brag  
I say it so you can be motivated to gettin' cash  
I wanna show all of my haters love, this song's for you  
If you acted like me, and I was in your shoes  
I'd probably hate on me, too  
See when you gettin' big cash stacks  
All the haters hate that  
'Cause they hate to see you to be successful  
I wanna show all of my haters love  
So I wave to you like  
Good morning, ha-ha-ha-ha-haters  
Good morning, ha-ha-ha-ha-haters  
Good morning  
Look, success is a woman I always had dreams of sexin'  
If wanting her is a crime, just take me in for possession  
Even in a recession, I'm leavin' a good impression  
Reflection on the rims, so they can see they expressions  
I'm busy, man, you need to schedule an appointment  
Haters on they job, and they act like they enjoy it  
Wake up in the mornin', I hop into my foreign  
Walk into the bank, and just like a housewarming  
Hey, we get the money by the minute  
They said we couldn't do it, but we already did it  
I'm fresh outfitted, and my Benz got getted  
'Cause I ge-ge-get it, and you di-di-didn't  
And I admit it, I'm really 'bout to show you how I do  
If you know you a hater, this dedicated to you  
You hatin' my last move, I'm way on my next move  
See they hate to see you to be successful  
I wanna show all of my haters love, this song's for you  
If you acted like me, and I was in your shoes  
I'd probably hate on me, too  
See when you gettin' big cash stacks  
All the haters hate that  
'Cause they hate to see you to be successful  
I wanna show all of my haters love  
So I wave to you like  
Good morning, ha-ha-ha-ha-haters  
Good morning, ha-ha-ha-ha-haters

Good morning, ha-ha-ha-ha-haters  
Good morning, ha-ha-ha-ha-haters  
Good morning
