

# Champion Jack Dupree, Blues Before Sunrise

Have the blues 'fore sunrise, tears standing in my eyes  
I have the blues before sunrise, tears standing in my eyes  
Said the miserable feeling  
A feeling I do despise  
Seem like everybody, everybody's down on me  
Seem like everybody, everybody's down on me  
I'm gon' change my way of living  
Head my trouble in the deep blue sea  
Well, I love my baby but my baby won't be here  
Well, I love my baby but my baby won't be here  
I'm above hard chewed and pissed off  
I'm gon' put her down in her grave  
And in a mean old world you're living all by yourself  
And in a mean old world you're living all by yourself  
If I can't get you  
I'ma get somebody dead
