Changing Faces, All Day, All Night

No no

All day, all night All day, all night

[Cassandra:]

You used to be someone I could hold You used to be somebody I could talk to But now everything has gone wrong Why the hell do you expect me to sweat you

[Charisse:]
Everytime I ask you
You up and walk away
Drama is all you bring me
That's why I gotta say parlay

[Chorus:]
All day, all night
(I need a man who's gonna do me right)
All day, all night
(That's the kind of man I need in my life)

[Cassandra:]

You used to take me out on the town with you And kept your arms wrapped around me Now everytime I turn around, I'm beggin' you But damnit you're too blind to see

[Charisse:]

Everytime I page ya (everytime) You never return my calls Now I know why I'm leavin' Cause you don't give me your all

[Chorus:]
All day, all night
(I need a man who's gonna do me right)
All day, all night
(That's the kind of man I need in my life)
All day, all night
(I need a man who's gonna do me right)

Nah nah nah Nah nah nah nah

No more strokin' up and down You're too busy Foolin' Around No more strokin' up and down You must be zonin' boy

[Chorus:]
All day, all night
All day, all night
All day, all night
All day, all night
