

# Channel Zero, Repetition

Earth's candle slowly kindles  
Has no time to slumber  
spins around, under sun control  
One day nature will show of what it's capable  
The long distance boomerang is thrown away  
Who cares in what our children play ?

Burn, burn, we should have known  
Learn, Learned to control

One, Two, Three, Four, Turn in circles

Repetition : Why don't we realize ?  
Repetition : We live, They die  
Repetition : Regenerate the chain  
Repetition : And I wonder where we go ?

One, One seventy-five, Two  
Do you eat of my hand ?

Repetition : Why don't we realize ?  
Repetition : We live, They die  
Repetition : Regenerate the chain  
Repetition : And I wonder where we go ?

Are you ready  
Are you ready to leave  
God's ready  
I'm ready to leave  
to leave the sphere  
to leave the sphere
