

Chant??? Moore, Bitter

I'm just gonna speak from my heart
This song ain't about every man
But sometimes when you've had your heart broken
And there's pain, you gotta let it out exactly how you feel livin'
I realize it right now, I'm just bitter
I remember the times we shared and I
Remember the long phone calls
At night you used to say the sweetest things
But today my phone rings and I wish
That you would just stop talking
I just can't take this anymore
You broke my heart and I know for sure
You're not the man I thought you was
Compromised myself enough
Now it's time to stop living this lie now
Don't follow me home, nigga
Stop ringing my phone, nigga
Just leave me alone, nigga
I wish you well but
Right now I'm just bitter
Why did you come into my life?
You didn't plan to do me right
You didn't mean forever more
Why'd you get with me for?
No free nook, that's not yours anymore, no, no
Don't follow me home, nigga
Stop ringing my phone, nigga
Just leave me alone, nigga
I wish you well but
Right now I'm just bitter
Don't follow me home, nigga
Stop ringing my phone, nigga
Just leave me alone, nigga
I wish you well but
Right now I'm just bitter
You make me sick, nigga
I ain't your dog, nigga
You made me write this song, nigga
I wish you well but
I'm gonna find another nigga
