Exposed

When It Comes To Me

I remember seeing you do your thing

With a brand new girl on your arm everytime it rained

Used to say one girl is not enough

Now you can't believe you let them go

Fell in love

You was a pimp, playboy

You're not a pimp

Now i'm in your life

I'm exempt

Cause i've got your heart

And now you belong to me, yeah

1 - when it comes to me

I get what i want

Cause i made you fall in love

When it comes to me

You don't have control

Cause i beat you at your game

I beat you at your own game

When it comes to me

Now when you go dancing your with me

No wandering eyes, cause i trained you to respect me

You're thinking twice now cause you're sprung

You called your mama and you told her that i was the one

You was a pimp, playboy

You're not a pimp

Now i'm in your life

I'm exempt

Cause i've got your heart

And now you belong to me, yeah

Repeat 1

I think you're in trouble

Repeat 1 (2x)

Baby when it comes to me

When it comes to me

I beat you at your own game

Repeat 1 fade out
