

Chantal Chamandy, Zindegi

my smiles are pretend
and no matter what you do
I'll never be the one for you
you can shower me with gifts
but I'll never want your lips
I don't love you

I don't really want to hurt you
but I tried so hard to warn you
but you smiled and walked away
you may think that maybe time
can make me want you
please stop trying
understand you're not the man

every time I close my eyes I see him
remembering how it feels
keeps getting stronger, can't wait no longer
I wanna live my life with the one I love
and I feel alive when I think about him
touching me and kissing me all night long

please don't let this go on
do the right thing, tell them why
'cause it ain't right to live a lie
we followed tradition

to make them happy, but loves a decision
you can't take lightly
open your eyes

I don't really want to hurt you
but I tried so hard to warn you
but you smiled and walked away
you may think that maybe time
can make me want you
please stop trying
understand you're not the man

true love lets your heart decide
who and where it wants to be
and everytime I hear his name
I fall in love with him again
'cause he's the only man that's made for me

everytime I close my eyes I see him
remembering how it feels
keeps getting stronger, can't wait no longer
I wanna live my life with the one I love
and I feel alive when I think about him
touching me and kissing me all night long
