

# Chantal Kreviazuk, Before You

Baby, before you  
Well, I was bad news  
In lettin' me love you  
I think I can get through

Oh, baby before you  
Well, I was so scared  
I was a train wreck waitin' to happen  
On the way to nowhere

And now I think it's kinda funny that you say you love me  
You tell me that I'm crazy then you smile

And now I think I'll get through  
The end of the world  
And now I think I'll get through  
Bein' a girl  
Now I think I'll get through  
Anything  
And now I think I'll get through

Now honey around you  
I'm feelin' so good  
'Cause you picked me up out of the rough  
And you polished me up and made me brand new

And baby before you, ho ho  
There was just a black hole  
Yeah I was beat down, blacked out  
My darling you couldn't even know

But ever since I met you on a cloudy Monday  
I can't believe how much I love the rain

And now I think I'll get through  
The end of the world  
And now I think I'll get through  
Life as a girl  
Now I think I'll get through  
Anything  
Now I think I'll get through

Ever since I met you on a cloudy Monday  
I can't believe how much I love the rain

And now I think I'll get through  
The end of the world  
And now I think I'll get through  
Life as a girl  
Now I think I'll get through  
Anything  
Now I think I'll get through

Oh ... ho ...  
Now I think I'll get through  
Oh ....  
Now I think I'll get through  
Oh ... ho ...  
And now I think I'll get through

And now I think I'll get through  
Oh, and now I think I'll get through  
Oh, and now I think I'll get through
