Chantal Kreviazuk, What If It All Means Some

If I could do anything for you Believe me I would Do you feel the same? Feel the same as me? If I could be anyone for you Believe me I would I?m not ashamed Not ashamed to be It?s hard for me to know Sometimes I feel like letting go

But what if it all means something What if it all What if it all means something What if it all

If I could go anywhere for you Believe me I would I?d run away, I?d run away I?d leave If I could fix everything for you Believe me I would Do you feel the same? Feel the same as me? It?s hard for me to know Well maybe I should just let go

But what if it all means something
What if it all
What if it all means something
What if it all
What if it all means something (then I want to know)
What if it all
What if it all
What if it all means something
What if it all

Leave me alone
I am falling apart here
Leave me alone
I am falling
If I could do anything for you
Believe me I would
Do you feel the same?
Feel the same as me?
It?s hard for me to know
Well maybe I should just let go

But what if it all means something
What if it all
What if it all means something
What if it all means something (I wanna know)
What if it all
What if it all means something
What if it all means something
What if it all means something (I wanna know)
What if it all
What if it all means something (I wanna know)
What if it all
What if it all
Yah, (what if) it all means something, something, something
What if it all means something
What if it all

I know it all means something
