Chante Moore F/ Da Brat

Miscellaneous

Take Care Of Me

Be careful

(Better watch it, watch it, watch it)

When you're out there having fun

Just remember I'm number one

Take care of

Take care of me

Gotta do what you do

But if you gamble you could lose

Take care of

Take care of me

When you're out there having fun

Just remember I'm number one

Take care of

Take care of me

Gotta do what you do

But if you gamble you could lose

Take care of

Take care of me

[Da Brat]

Just realize any time you choose to hang

How I throw that thing and you scream for Chante

Splish, splash, gush, push

Take care of this platinum bush

I was born, Chante Harris

Warning Tim and Bob that I rockin' with Chante Moore

So take care of me

When it rain or even on sunny days

When you hit the club with your boys looking for ladies

None of them niggas ain't got a woman like you

That can take care of home and the bills too

Cook up a hot meal and make you feel good

Get you hot with it, not trip about you stickin' it

Just keep the conversation limited, with them hoes

It could get serious when it come to

My money, my music, or my nigga

Better take care of me

When you're out there having fun

Just remember I'm number one

Take care of

Take care of me

Gotta do what you do

But if you gamble you could lose

Take care of

Take care of me
