## Chaos UK, Depression

On tele, police are murdered, demonstrators are just killed Why two different words for the blood that's spilled? In this struggle, you decide who's right But are condemned 'till the end of time, that man will fight Condemned for all time are the super master race They'll fight over religion or the colour of your face When's the next Hitler? When's the next war? When's the next time they'll exterminate the poor? Who are "they", who are "us"? Is 90% of the human brain full of hateful pus?
